

Ross & District MotorSports Club are planning the running of the Kyrle Classic Trial during Sunday 27th September 2026 daytime. It will be the 46th running of the event and this year there will be both cars and motorcycles entrants.

The trial is not a rally. It is an untimed, non-speed reliability event with a variety of vehicles ranging from vintage to modern. All are under strict instructions to minimise noise at all times and we trust will cause as little inconvenience as possible.

For the cars the event is governed by Motorsport UK (MSUK) and for motorcycles by AutoCycle Union (ACU). Both have issued permits for the event.

We have also made contact with Route Liaison Officers and the police – no objections have been received to date.

In the St Briavels area the route will be using the following green lanes:

Name	Location	USRN	W3W Start	W3W End	Approx. Start Time	Approx. Finish Time
Mork Lane	St Briavels	14700869	Detergent.Coats.Choppers	Samples.Kettles.Hack	10:35	12:35

If you need any more information, please reply, but otherwise could you let the parish council know and spread the word for any locals who would like to come out and watch.

To give local residents a heads up and the opportunity to contact us we have already put up notices close to the green lanes we plan to use.

Thanks in advance,

Eddie
